

**TROUP COUNTY SCHOOL SYSTEM
TROUP COUNTY, GEORGIA**

**REQUEST FOR PROPOSALS FOR
CONSTRUCTION MANAGER AT RISK**

1. INTRODUCTION

The Troup County School System (TCSS) desires to retain the services of a professional Construction Manager At Risk (CM) firm for the management, under a construction management/contractor at-risk format, for the construction of a new Gymnasium and Indoor Practice Facility in Troup County Georgia. In addition to managing the construction, the CM will provide pre-construction services and work collaboratively with the architect, **Southern A&E, LLC**, to develop constructability reviews, cost savings alternatives and schedules in relation to this new facility.

To qualify for consideration, a firm must be prepared to provide the expertise, resources, and personnel experience in project planning, cost management, project control, pre-construction and construction techniques, value-engineering analysis, scheduling and quality assurance throughout the planning and construction phases of the project. In addition to these qualifications, each firm should submit a fee proposal in a separate envelope. The fee will be considered after construction firms are ranked based on qualifications.

The services to be performed by the CM will have as their objective the efficient, economical, and timely delivery of the project by managing the construction of the project within the time and cost limitations and within established quality requirements. The services will be performed during the pre-construction phase and construction phase including working with Owner and architect in project planning, arrangement of bid packages, bidding and award of the trade contracts, and management of construction until occupancy is achieved.

2. SCOPE AND STYLE OF SERVICES TO BE PERFORMED

A brief scope of the project is a new Gymnasium and Indoor Practice Facility with artificial turf along with ancillary spaces adjacent to the campus of LaGrange High School. The square footage is approximately 95,000 square feet.

In issuing the Request for Proposal, it is the intent of the TCSS that the successful CM will provide the required services for a fixed fee. It is further the intent of the TCSS that the successful CM will provide a Guaranteed Maximum Price (GMP) for the cost of the construction of the project to include a Guaranteed Delivery Date (GDD). TCSS also intends that the successful CM accept the following stipulations:

- Provide Performance and Material and Labor Payment Bonds in the amount of 100% of the GMP.
- Individual Trade Contracts will be between the CM and the Trade Contractors, subject to TCSS approval.

- The CM will not perform any portion of the project with its own forces except as may be mutually agreed to by the Owner and the CM.
- The CM will be "at risk" in the proposed undertaking and will be responsible for completing the project within the GMP.
- Should the final cost of the project be less than the GMP, all savings shall belong to TCSS.
- An agreed percentage of pay applications will be held in retention.
- The TCSS shall have the authority to suspend or terminate performance of the project.
- Construction Manager will share with the TCSS the calculations and assumptions on which the CM's proposed GMP is based and provided to TCSS any information requested by TCSS in a timely manner or according to a schedule developed by the parties.

3. **LIST OF REPRESENTATIVE SERVICES TO BE PROVIDED BY THE CM**

- **Project Planning** - The CM is expected to work with the Owner to plan the project to include:
 - Reviewing ideas and suggestion offered by the Owner with regard to feasibility or constructability.
 - Evaluate designs with respect to constructability issues.
 - Evaluate value-engineering opportunities.
- **Bidding and Awarding Phase**
 - Arrange bid packages.
 - Develop requirements to assure time, cost, and quality control during construction.
 - Provide a provisional construction schedule for issuance with the bid package.
 - Identify bidders and generate bidder interest.
 - Schedule and conduct pre-bid conferences in conjunction with the architect and representatives from the TCSS.
 - Advertise and distribute bidding documents in accordance with applicable federal and state laws, rules and regulations.
 - Monitor bidder activity.
 - Review and analyze bids and recommend awards.
 - Update schedule.
- **Construction Phase**
 - Maintain on-site staff for construction management.
 - Establish and maintain coordinating procedures.
 - Develop and maintain a detailed schedule including delivery, approvals, inspection, testing, construction, and occupancy.
 - Conduct and record job meetings.
 - Prepare and submit change order documentation for approval of the architect and TCSS.
 - Maintain a system for review and approval of shop drawings.
 - Maintain records and submit reports to architect and TCSS.
 - Maintain quality control and ensure conformity to contract documents.

- Provide cost control through progress payment review and verification according to the approved schedule and contract amounts.
- Coordination of post completion activities, including the assembly of guarantees, manuals, and the Owner's final acceptance.

4. **SELECTION OF CM**

- **Selection Committee**

The selection of the CM firm will be by an evaluation committee consisting of representatives selected by the Owner.

- **Selection Procedure**

- Selection of the CM will be a qualification based process through a written proposal and presentation/interview.
- Following completion of the initial written proposal evaluations, if deemed necessary by the committee, up to three highest ranked firms best qualified may be granted an opportunity to appear before the Evaluation Committee to make an oral presentation and submit to an interview.
- Each firm selected for an interview should bring a separate envelop to the interview which contains a fee proposal. The fee will be evaluated after the final ranking of firms based on qualifications.
- Information on the presentation will be provided to the firms selected.

6. Additional Considerations

- The Owner reserves the right to reject any or all proposals received. The Owner is not obligated to request clarifications or additional information but may do so at their discretion. The Owner may extend the due dates if it is the advantage of the Owner. Proposers will be notified of any/all changes in scheduled due dates/times by written addendum.
- Confidentiality of Documents: upon receipt of a proposal by the Owner the proposal shall become the property of the Owner without compensation to the proponent, for disposition or usage by the Owner at its discretion.
- The Owner does not desire to enter into "joint venture" agreements with multiple Construction Management firms. In the event two or more firms desire to "joint venture", it is strongly recommended that one incorporated firm become the Construction Management firm with the remaining firms being consultants.
