System. The selection process for these services may proceed in two phases. At the completion to the second phase, a GMP contract may be negotiated. Evaluations will be performed by a committee. The following is a summary of the selection process:

Phase I - Proposal Evaluation

Interested CM's responding to this proposal request must provide the information required to meet the criteria contained in "Response Format and Contents". The evaluation committee will evaluate submittals and choose the most highly qualified CM, and may invite them to participate in Phase II of the selection process. The following criteria will be considered in choosing the most highly qualified CM:

1. Firm History and Relevant Experience 20%
2. Project Personnel 25%
3. Financial Information 10%
4. Project Approach 20%
5. Fee Structure 25%

Negotiation and Signing of Contract

Upon completion of Phase II and the determination that the project is feasible and acceptable to the Troup County Board of Education, separate modified AIA A133 contracts without Mandatory Amendment #1 will be executed between the selected CM and the School System on each of the above referenced projects individually.
