

What is a School-Parent Compact?

A School-Parent Compact for Achievement is an agreement that parents, students, and teachers develop together. It explains how parents and teachers will work together to make sure all of our students reach grade level standards.

Our Compact will Benefit everyone!

Jointly Developed

The parents, students, and teachers of Long Cane Elementary developed this School-Parent Compact for Achievement. Teachers suggested home learning strategies, parents added ideas to make them more specific, and students told us what would help them learn. Meetings are held each year to review the compact.

Parents are welcome to contribute comments at any time!

If you would like to volunteer, please contact our Family Liaison- Carla Edmonson- by calling the school.

Activities to Build Partnerships

Anytime parents visit LCES- from lunches to academic workshops- our partnership is strengthened! Please check the student handbook/calendar for all events. If you would like to volunteer or mentor at the school, please call us!

Communication and Student Learning

LCES is committed to frequent two-way communication with our families about student learning. Here are some ways we communicate:

- Tuesday folders
- Updates on our school website and FB page
- Home visits
- Parent Conferences
- Board in the front of the school
- Remind messages
- Phone Calls, emails

REVISION DATE : Sept 5, 2019

School-Parent Compact For Achievement 2019-2020

3rd Grade Focus for Student Success

Long Cane Elementary School

Katie Brown, Principal

Our Goals for Student Achievement

District Goals:

1. Ensure all students achieve at their highest level of academic performance.
2. Provide a safe, secure, and wholesome learning environment.
3. Engage all students, staff, families, businesses, and the community in the educational process.
4. Maximize efficiency and productivity in pursuit of the system's mission.

LCES 3rd Grade Goals:

80% of 3rd graders will have a Lexile level of 670 or above by May.

80% of 3rd graders will be fluent in their multiplication and division facts.

Teachers, Parents, Students- Working Together for Success

In the 3rd Grade Classroom

The 3rd Grade teachers will work with students and their families to support student success. Some of our key connections with families will be:

Teachers will send home monthly reading logs to document 20 min of reading every night.

Teacher will send home math resource sheet with links to fluency math practice online.

At Home

LCES parents joined staff to develop ideas about how families can support student success.

Parents will sign off on the reading log every night that their student read 20 min.

Parents will provide time for students to use the online links sent home to practice multiplication and division facts.

3rd Grade Students

Students joined staff and parents to develop ideas about how they can succeed in school. Students shared the following ideas:

Students will complete reading log and read 20 min a night.

Students will practice multiplication and division fluency games online.

Teachers, Parents, and Students believe these additional key points will create success for our 3rd Graders this year:

- Parents and student will know lexile levels and goals
- Teachers will communicate weekly with parents regarding the standards that are being taught.
- Make sure students have a good breakfast every morning.
