

What is a School-Parent Compact?

A School-Parent Compact for Achievement is an agreement that parents, students, and teachers develop together. It explains how parents and teachers will work together to make sure all of our students reach grade level standards.

Our Compact will Benefit everyone!

Jointly Developed

The parents, students, and teachers of Clearview Elementary developed this School-Parent Compact for Achievement. Teachers suggested home learning strategies, parents added ideas to make them more specific, and students told us what would help them learn. Meetings are held each year to review the compact.

Parents are welcome to contribute comments at any time!

If you would like to volunteer, please contact our Family Liaison- Jennifer Barber- by calling the school.

Activities to Build Partnerships

Anytime parents visit WRES- from lunches to academic workshops- our partnership is strengthened! Please check the student handbook/calendar for all events. If you would like to volunteer or mentor at the school, please call us!

Communication and Student Learning

CVES is committed to frequent two-way communication with our families about student learning. Here are some ways we communicate:

- Tuesday folders
- Updates on our school website
- Home visits
- Parent Conferences
- Board in the front of the school
- Remind messages
- Phone Calls, emails

REVISION DATE : 09/12/2019

School-Parent Compact For Achievement 2019-2020

3rd Grade Focus for Student Success

Clearview Elementary School

Our Goals for Student Achievement

District Goals:

1. Ensure all students achieve at their highest level of academic performance.
2. Provide a safe, secure, and wholesome learning environment.
3. Engage all students, staff, families, businesses, and the community in the educational process.
4. Maximize efficiency and productivity in pursuit of the system's mission.

CVES 3rd Grade Goals:

1. Goal: 80% of 3rd grade students will increase their Lexile levels by 100 points by the end of the school year.
 - ◆ Focus on vocabulary and comprehension through guided reading.
2. Goal: 80% of 3rd grade students will master all multiplication facts fluently through nines by May.
 - ◆ Focus on strategies for fact fluency, use Reflex Math 3x a week.

Teachers, Parents, Students– Working Together for Success

In the 3rd Grade Classroom

The 3rd Grade teachers will work with students and their families to support student success. Some of our key connections with families will be:

-  Offer family workshops at 2 different times that focus on reading and math skills.
-  All students will utilize RAZ-Kids, Accelerated Reader, and reading strategies to improve their Lexile scores and reading comprehension skills that can be practiced with parents and other family members,
-  Students will be given multiplication flash cards to practice every night so they can practice with parents and other family members

At Home

-  Encourage student to read aloud with a family member instead of reading to themselves.
Minimize distractions.
Parents can check homework for completion and accuracy.
-  Parents create multiplication games to aid memorization of multiplication facts.
-  Parents can check Class Dojo for homework and test notifications.
Actively checking Tuesday folders and communicating with teachers.

3rd Grade Students

Students joined staff and parents to develop ideas about how they can succeed in school. Students shared the following ideas:

-  Students will make sure parents know about notes in their Tuesday Folders and Class Dojo about upcoming events.
-  Students will read 20 minutes after school each day, using reading strategies.
Students will practice multiplication flash cards at home, on the bus, in the car, and during morning work time. Students will get on Reflex Math at home and at school whenever they have the opportunity.

Teachers, Parents, and Students believe these additional key points will create success for our 3rd Graders this year:

Students will be given opportunities at school to get help when needed.

Students are expected to be responsible for their own learning, organization, and behavior, with teacher guidance.

Parents are encouraged to stay involved with teachers to help their child achieve success.

Students will practice the 8 Keys of Excellence.
