

Clearview Families,

Welcome to Clearview Elementary School, Home of the Wolves! We are excited about the 2020-2021 school year and have much to howl about as we look toward beginning year three in our new building. While the end of our 2019-2020 unexpectedly came to an end due to COVID-19, we have precautionary measures in place for this school year to make the wolf pack as safe as possible. We look forward to working with our families, faculty, staff and students to grow and nurture the relationships that assist in meeting the needs of our students to ensure their success.

The Clearview faculty and staff take pride in an instructional program that provides students a well-rounded elementary education. Our goal is to create a school environment for optimal learning and opportunities for our students to become leaders inside and outside of the school setting. We believe in strong partnerships with all stakeholders. Our mission is to provide a quality curriculum and high expectations for all learners in a safe, secure and supportive learning environment while building positive self-esteem and preparing students to become lifelong learners and role models. We look forward to an awesome school year where students, faculty and staff go forth and do great things!

Sincerely,

**Debra Brock
Principal**
